CROP OF BOER RUMORS

One Report Says the Burghers Have Retaken Bloemfontein.

BULLER'S ARMY IS PUSHING AHEAD.

Conflicting Stories as to the Location of President Steyn, One Being That He Has Returned to the Capital.

London, June 12.—The war office has received the following dispatch from General Kelly-Kenny, dated Bloemfontein, June 12: "Our troops from the north are at Honingspruit, south of Roodeval, where the Boers cut the British lines of communication, having defeated the enemy. They will be at America siding Wednesday at 8 a. m. General Knox moved out from Kroonstad to intercept the enemy. Fuller particulars later."

London, June 12.—A plentiful crop of reports has been filtering through Lorenzo Marques. According to these, General Dewet, with 13,000 burghers, is marching on Johannesburg, the Boers have retaken Bloemfontein, where President Steyn again occupies the presidency; the British have sustained severe defeat at Elandsfontein, and have also lost 750 killed and wounded and 150 prisoners in a fight at Vrededorp.

Nothing from any other sources lends color to these stories, with the exception of the last, which is probably the Boer version of the disaster to the militia battalion of the Derbyshire regiment at the Roodeval.

In regard to President Steyn being at Bloemfontein a dispatch from Maseru, Basutoland, dated Monday, June 11, says President Steyn was at Vrede, 200 miles from Bloemfontein.

General Buller seems to be making substantial progress, and expects soon to possess the railroad at Charlestown, in the northern extremity of Natal, whence, presumably, he will advance on Heidelberg, and effect a junction with Lord Roberts.

A dispatch from Lichtenburg, dated June 11, says 60 Johannesburg mounted policemen, with a Maxim gun, have surrendered to General Hunter.

According to a Cape Town dispatch the cabinet crisis continues. It is added that should Premier Schreiner secede from the bond, as he threatens, his action would place the bond in the minority in the assembly.

Mr. Schreiner has accepted the resignations of J. X. Merriman, treasurer, and J. W. Sauer, commissioner of public works.

Among the members of the Yeomanry killed at Lindlay was W. T. Powers, proprietor of the Canyon ranch in North Texas.

Forced Almonds' Neck.

London, June 12.—It is officially announced that General Buller reports Almonds' Neck has been forced. The war office posts the following dispatch from General Buller: "We forced Almonds' Neck. It is not marked on the map, but is the last defile to Charleston flat. The enemy were in considerable force with several guns in position. The brunt of the fighting fell upon the Second Dorsets, who carried the position at the point of the bayonet, and the Third cavalry brigade, who were heavily attacked on our right from very broken country round Ikelini mountain. I hope our casualties are less than 100, which, considering the extreme length of the position, is much less than I expected. The whole attack was directed by Hildyard, whose dispositions were extremely good. The artillery, Tenth brigade and the Third cavalry brigade did most of the work."

No Word From Methuen.

London, June 12.—The following dispatch has been received at the war office from General Forester-Walker, in command of the lines of communication in South Africa: "Cape Town, June 12.—The following is from Kelly-Kenny: 'June 11. No communication from Methuen since June 7. He was fighting June 6 to the north of Vetchkop. Steyn is near Reitz. The British prisoners sent to Vrede are well treated.'"

Message From Buller.

London, June 12.—The war office has issued the following from General Buller: "Joubert's Farm, June 12.—Encamped four miles north of Volksrust. Laings Nek and Majuba were completely evacuated by the Boers during the night. General Clery from Ingogo is now coming over the Nek. I have had to camp here for want of water. A correct list of casualties will be sent as soon as received."

Lists of Contests.

Philadelphia, June 12.—The subcommittee of the Republican national

committee again met in executive session at the Hotel Walton at noon. There were in attendance Chairman Joseph H. Manley of Maine, Henry C. Payne of Wisconsin, Senator John Kean of New Jersey and Senator Nathan B. Scott of West Virginia. The committee continued the work of preparing the list of contests to be taken up by the national committee.

A CRAZY MURDERER

Attempts to Take the Lives of the Court Officials.

Indianapolis, June 12.—An escaped murderer and lunatic attempted to take the life of Fremont Alford, criminal judge of this (Marion) county, and Prosecutor Edwin B. Pugh. The would-be assassin was George W. Bennett, who escaped from the hospital for the insane Saturday. Bennett entered the court room shortly after court convened, and attracted the court by his incoherent talk. Judge Alford started to the telephone, when he found Bennett at his back with a revolver pointed at his (Alford's) head. Judge Alford gave the alarm and sprang toward his private room with the maniac after him. Here Prosecutor Pugh appeared and Bennett turned on him. A policeman came running up and caught the fall of the revolver's hammer on his thumb just in time to save Pugh. It took four men to overpower Bennett, although he has but one arm. It is said Bennett lost his mind over labor troubles. Bennett killed two men at Lafayette in 1889, was sent to prison and afterwards transferred to the insane asylum.

Streeter Held.

Chicago, June 12.—Captain George Wellington Streeter, whose cohorts recently took possession of "the District of Lake Michigan," and defied the whole local police force, was held to the criminal court, charged with conspiracy, accessory before the fact, and assault. The "District of Lake Michigan" is the name given by Streeter to land which had been formed by dumping in the lake off the shore. Captain Streeter took possession of it when it was a mere sandbar. A recent attempt to oust some of the captain's followers, who had entrenched themselves on the land, resulted in some shooting and other riotous acts. The land is now valued at many millions of dollars and measures about 40 acres.

Dr. Smith's Trip.

London, June 12.—Dr. Donaldson Smith, the Philadelphia explorer, who recently reached Cairo in good health, had a remarkable journey from Berbera to Lakes Rudolf and Stefania. From Uganda he was conveyed down the Nile to Khartoum in an Anglo-Egyptian gunboat, the first vessel to traverse the upper Nile since the cutting of the Sudd. Dr. Smith accomplished much interesting work in hitherto unexplored regions.

Machinery For China.

Beloit, Wis., June 12.—Fourteen carloads of tissue papermaking machinery were shipped by a Beloit manufacturer to Shanghai, China. This shipment marks the first American, and is probably the only papermaking machinery ever sent into the Celestial empire. There have been papermaking machine shipments made from this city to Japan.

No Troubled Fear.

Milwaukee, June 12.—Representatives of the engineers and conductors employed on the Wisconsin Central railway system petitioned the company for a readjustment of the train running time system in vogue, and asked for an increase in wages. The matter was taken under advisement by the company. No trouble is anticipated.

Crane's Remains.

London, June 12.—The body of Stephen Crane, the American novelist who died June 5 at Baden-Weiler, was brought to London by Mrs. Crane, from whence it will be sent to the United States next week. The burial will probably take place at Newark, N. J., where the other members of the Crane family are interred.

Has Not Yielded.

Albany, June 12.—Governor Roosevelt again reiterated his former statement relative to accepting the vice presidential nomination on the Republican national ticket, which he has absolutely declined: "I have nothing to add," said the governor, "to what I have already said. 'My decision is irrevocable.'"

Death of a Policeman.

Cincinnati, June 12.—Policeman McQuerry of Covington, Ky., died from the result of a pistol shot fired by Wallace Bishop on Friday last, to avoid arrest for murder of a tramp. Bishop and his accomplice are in Covington jail, but fears of mob violence caused the officers to send them to Louisville.

Navy Bill Passed.

Berlin, June 12.—The reichstag has passed the navy bill.

DEMOCRATIC BIG FOUR

To the National Convention at Kansas City Absorb Attention.

KILBOURNE AND THOMAS HAVE CINCH

From the Northwestern Part of the State There Are Two Aspirants—Other News About Columbus Gathering.

Columbus, O., June 12.—All the preliminary work of the Democratic state convention was completed, so that business can be dispatched at the opening session of the convention proper. The old state committee concluded its business during the forenoon, and the delegates met in the afternoon to select the members of the new state committee, vice president and other officers of the convention and members of the different committees.

The committees all met later, so as to be able to report to the convention in the morning. The committee on resolutions had many differences of opinion to settle on the language of the platform, but there were no radical differences regarding the issues. The differences were mainly as to the form in which the declarations should be made.

There will be contests for all places on the state ticket, and no slate is likely to be able to get through. One of the contests is between Colonel James Kilbourne and Congressman John J. Lentz of this city for delegate-at-large. The McLean men control the convention by a large majority, and they have been favoring Lentz.

The delegates of this district at their meeting endorsed Kilbourne for delegate-at-large, and as Mr. Lentz is making a fight now for re-election to congress he may not antagonize the delegates of his district.

There is some talk of making John R. McLean a delegate-at-large, notwithstanding his purpose to sail for Europe next Saturday and not attend the Kansas City convention. In that event there will be a contest for first alternate-at-large, who would no doubt be called upon to act in the absence of Mr. McLean.

Among the long list of names mentioned the most prominent are Charles N. Haskell and John W. Welty for the northern part of the state. The agitation for Admiral Dewey as the candidate for vice president continues, and it is claimed to be entering into the contests for delegates-at-large. Dewey was entertained here last week by Kilbourne.

After the endorsement of Kilbourne by the delegates of their home county the fight between Kilbourne and Lentz was over. It is conceded that Kilbourne will now be one of the delegates-at-large, and that W. S. Thomas of Springfield will also be selected. There is a contest between George W. Hull and Charles N. Haskell for delegates-at-large, as both reside in northwest Ohio. Some favor sending both of them to Kansas City, while others insist on geographical distribution. A. W. Patrick, who was on the ticket last year for lieutenant governor with McLean, and who lives in eastern Ohio, is being pressed for delegate-at-large.

The anti-McLean men are trying to organize to control the convention and select the delegates-at-large. If it is found that northwestern Ohio can have only one delegate-at-large the McLean men will support Haskell, and the anti-McLean men will stand for Hull. The state central committee held a meeting and decided in favor of the Dowling delegation from Montgomery county. Harry Wilson and his Cuyahoga delegation was turned down in favor of the Ryan-Gahagan party, representing the Farley faction. The convention went before the committee on credentials.

When the district delegations began to assemble all were at sea as to the possible candidates on the state ticket. Hon. William Bell can have the nomination for secretary of state if he expresses openly a desire to run, and he is more than likely to be the man. There are several aspirants for each of the other places on the ticket.

Dewey at Grand Rapids.

Grand Rapids, Mich., June 12.—Western Michigan paid her respects to Admiral Dewey, thousands of excursionists coming from all directions on special trains. The admiral took a drive about the city, accompanied by Congressman William Alden Smith. Mrs. Dewey was unable to accompany him on account of illness, caused by a cold contracted in Columbus. On this account the public reception planned in her honor by the ladies of the city was cancelled. The parade in Dewey's honor was one of the largest ever seen in Grand Rapids. It was combined

with the parade of the Great Camp of the Maccabees, which is in session here. More than 2,000 Maccabees were in line, together with military and civic societies and industrial floats. Admiral Dewey rode near the head of the parade. The visiting party left for Washington later.

MORE CARS

Will Be Run Henceforth Without Police Protection.

St. Louis, June 12.—The experiment of sending out cars over some of the lines of the Transit company without police guards worked so satisfactorily that the plan was carried out on several additional divisions. The mayor's proclamation has quieted down the situation, the injunction forbidding the use of explosives or firearms and warning those having no business on the streets to keep off, is having a good effect.

Both the strikers and the authorities are preparing statements and making up lists of witnesses to be heard at the coroner's inquiry, which will settle the responsibility for the fatalities in the riot of last Sunday. The inquest over the remains of Fred Boehn, an aged spectator, who was shot Sunday, was to have been held, but was postponed. The coroner will summon a jury to inquire into the death of Edward Thomas, the striking streetcar conductor killed in front of the posse barracks on Washington avenue Sunday evening.

During the past two days the sheriff's posse has gained a number of members, the most of whom volunteered. The twenty-third company, composed mostly of young lawyers and business men, is the last to be organized. Ransom Grand Army post, whose members comprise some of the city's best citizens, is organizing a company to be sworn into the posse.

Samuel Gompers, president of the American Federation of Labor, has telegraphed President Mahon that he will arrive in St. Louis some time during the present week. "Gompers will exercise a supervisory direction of the strike," said a member of the union. "As the head of all the trades in the American Federation of Labor, he is the highest leader of the labor movement in America, and when on the field of the strike is superior officer."

A number of men charged with committing offenses in connection with the streetcar strike were tried in police court and six were fined.

Disastrous Labor Disputes.

Chicago, June 12.—Bankers, capitalists, real estate men and a host of others, whose welfare depends more or less upon building activity in Chicago, to say nothing of the thousands of workmen, expressed the hope that the meeting of the contractors and trades union representatives would result in a settlement of the labor difficulties. Aside from the money loss, which has resulted from the labor war, a number of men who have been killed or injured in riots, a large number of families have been made dependent upon charity, and there have been several cases of suicide by men who became despondent over their enforced idleness. Still others have wandered away from their homes apparently unsettled mentally. Altogether this is considered the most disastrous building trades war the city has ever endured.

Date of Raising Quarantine.

San Francisco, June 12.—The board of health has decided to raise the quarantine of Chinatown 20 days from the verification of last case of plague, which was on June 2. If another case is found, however, the quarantine will not be lifted until 20 days from the date of such discovery. Wing Ti, a Chinese undertaker doing business on Sacramento street, under the Chinatown morgue, had three coffins shipped in through the lines, and in doing so incurred the displeasure of several hundred of his Chinese brethren. They demanded to know what use he had for coffins when no one had died, and not being able to explain to their satisfaction he was mobbed.

Milwaukee Convention.

Milwaukee, June 12.—The Democratic state convention to elect four delegates-at-large and to ratify the selection of 20 district delegates to the national convention at Kansas City was called to order at the Alhambra theater at 11 a. m. by George W. Peck, chairman of the state central committee. The convention is made of 663 delegates. Judge James H. McGillan of Breen Bay was made temporary chairman.

New Incorporations.

Columbus, O., June 12.—A. G. Corre Hotel company, Cincinnati, increase from \$100,000 to \$200,000; Ella McKinney Mining company, Cincinnati, \$12,500; Gypsum Canning company, Gypsum, \$10,000; Lewisburg Telephone company, Lewisburg, \$1,500.

CABINET CONSIDERS THE SITUATION.

The American Admiral in Chinese Waters Is Informed That Additional Naval Forces Will Be Sent Him at Once.

Washington, June 12.—The following dispatch was received at the state department from United States Consul Martin at Chin Kiang: "Large numbers of natives organized secret society halted here. People very apprehensive. No protection. Want a cruiser."

Mr. Martin's telegram is the first news received here to indicate the spread of the Boxer agitation in that section of China. Chin Kiang is one of the most important treaty ports in China. It is located on the Yang Tse Kiang, a little over 100 miles above the point where Wo Sung enters, and is about 125 miles from Shanghai. At the latter port the United States gunboats Yorktown and Castine are now lying, undergoing some repairs.

Chinese Situation Considered.

Washington, June 12.—The cabinet meeting was attended by Secretaries Hay, Hitchcock, Long and Gage and Postmaster General Smith. It was devoted largely to a discussion of the Chinese situation. Secretary Hay laid before the cabinet a dispatch from Minister Conger, which indicated that the situation is very critical. Secretary Long had no late dispatches. The steps that have been taken to reinforce Admiral Kempff were gone over, and it was decided to stand by the policy which had been entered upon of pushing measures for the protection of the lives and property of American citizens, and of acting independently as far as possible. It may be that in the accomplishment of this result the forces of the powers will have to act in unison for the protection of all foreign residents in the disturbed districts, but this is to be the extent of the American activity. It is to be confined solely to the protection and safeguarding of our interests and those of our citizens. The Chinese government will be looked to under the general laws of the comity of nations to restore order and to make such reparation as is proposed from all political schemes in which any of the powers may become involved and the United States is to hold aloof. This is the general policy outlined and it will be adhered to. The navy department has cabled directly to Rear Admiral Kempff, at Taku, to inform him that marine reinforcements have been ordered to him from Manila.

No Reason Assigned.

New York, June 12.—Nothing is known as yet of the reasons which impelled Captain B. H. McCalla to go ashore at Tien Tsin personally, instead of placing the little force of Americans under the command of a subordinate officer. A high official of the navy department took the view that the situation was so serious that Admiral Kempff considered it advisable to have the best officer on his ship ashore, instead of keeping him on the Newark.

Called on by the President.

Washington, June 12.—The president had quite a number of prominent callers before the cabinet meeting. They included Senator Hanna, chairman of the Republican national committee; Senator Allison of Iowa, Senator Fairbanks of Indiana, Senator Penrose of Pennsylvania and Thomas K. Lowery of Minnesota, one of the delegates-at-large from his state to the Philadelphia convention. Senator Hanna will go to Philadelphia to attend the first meeting of the subcommittee of the Republican national executive committee. He will probably see the president again before his departure. Senator Fairbanks goes to Ohio to deliver an address to graduating class of the Ohio Wesleyan university, and will not reach Philadelphia until Saturday.

Important Captured.

Washington, June 12.—General MacArthur at Manila cabled the war department as follows: "Report capture Generals Hizon, near Mexico, and Cavestany, at Alcala, both important; latter very important leader of guerrillas in Pangasinan province (Luzon). General Corbin attaches considerable importance to these captures. In his opinion they are more nearly in the nature of surrender than captures, and indicate that the principal leaders of the insurrection are abandoning that cause, and are coming into Manila to accept American supremacy."

DEMOCRATIC TICKET.

FOR CONGRESS,
 J. N. KEHOE, of Mason County.

Showers to-night and Thursday.

THE Ledger indorses the statement that a private citizen who sets himself up as a moral reformer ought to have a pretty clear record, and enumerates many things he shouldn't do, but the editor of the P. L. didn't go far enough, and as he has set out to reform the State Guard he ought practice what he preaches.

THE charge that Postmaster General Smith covered up a postal scandal at Chicago and that he is to some extent responsible for the disgraceful condition of affairs in the Cuba postal department has aroused some of the Republicans and a movement is on at Philadelphia, embracing 30,000 active workers, to demand his removal on account of these Cuban postal frauds. A prominent club has already passed hot resolutions and others are to follow, it is said.

MONUMENTAL EGOTISM.

A Republican Paper on Taylor's Manifesto.
 His Bull-headed Course a Disgrace.

[Detroit Tribune, Rep.]

W. S. Taylor's manifesto, in which he says he will not be a candidate for Governor of Kentucky on the Republican ticket, is a piece of monumental egotism. As far as is known there has been no demand for Mr. Taylor to head the Republican ticket in the bluegrass State. In fact, it is safe to say that a large number of Kentucky Republicans would strongly object to it. * * * Taylor's bull-headed course has been a disgrace to the State of which he was elected Governor, and his course during his short time of power was such to demonstrate that he was unfit to be entrusted with the reins of government. As he says the people of Kentucky were robbed of their rights by the Legislature, no one denies the fact, but that formed no excuse for attempting to override the law with the mountaineers' rifle. Mr. Taylor need worry himself no further. The Republicans of his State will be only too glad to relieve him of any further responsibility regarding the affairs of the party.

A Life and Death Fight.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c. and \$1. OVER \$600,000,000

War Expenses That Furnish Food for Thought for Honest Taxpayers.

[New York World.]

On March 11 last the World stated in its news columns that the war with Spain and the Filipinos by the end of this month would cost this country the great sum of \$424,844,500.

We now have the official figures furnished by Senator Allison and Mr. Cannon in behalf of the Senate and House Appropriations Committees. It turns out that the World understated the truth. The cost of these wars at the end of the fiscal year June 30, will be \$482,562,083.

The World estimated that the cost of the Filipino war for 1901 would be \$125,000,000. This also was an underestimate. The cost of the war in 1901, it is said by the Committee on Appropriations, will be \$131,247,155, and this is given as a "permanent annual appropriation."

By the end of the fiscal year 1901 the country will have expended in freeing Cuba from Spain, in taking Porto Rico and seizing the Philippines the sum of \$613,809,238.

In addition we must count as part of the cost the violation of our plighted word, the denial of the Declaration and the Constitution, our departure from republican traditions, our disappearance as a peace power, our assumption of the role of injustice and despotism, the lives and health of American soldiers and the shame of the Cuban postal scandals.

HIGHLY COMPLIMENTED.

Dr. Molloy's Baccalaureate Sermon at Richmond Pronounced Ablest Ever Delivered There on a Similar Occasion.

RICHMOND, Ky., June 11.—Central University's twenty-sixth annual commencement was ushered in yesterday with the baccalaureate sermon, delivered by Rev. John C. Malloy, of Maysville, at the First Presbyterian Church, which was packed from pulpit to vestry entrance with a magnificent audience, composed of communicants of the various churches of the city, which suspended service in honor of the occasion, and many visitors from neighboring Kentucky towns. The theme chosen was "The Influence of the Bible," and the discourse was pronounced one of the ablest ever delivered here on a similar occasion.

Last night the Rev. D. Clay Lilly, pastor of the Presbyterian Church at Tuscaloosa, Ala., and a graduate of the class of '91, addressed the Y. M. C. A. His address was one of profound thought and power of expression, and was also heard by a splendid audience.

At both services an especially brilliant musical programme was rendered, the features of which were the bass solos of Messrs. J. V. Logau and A. D. Flora, members of the famous Kentucky Colonels' quartet, and the soprano solos by Mrs. Elizabeth Arnold Hanger, of this city, with pipe organ accompaniments.

WEEKLY CROP BULLETIN.

What the Weather Bureau Has to Say of the Outlook in Kentucky—Condition of Corn, Wheat and Tobacco.

The past week was very favorable to the growth of all crops. Abundant rains in all portions of the State are reported and moderately high temperature prevailed. Some damage in localities in the western half of the State was caused by excessive rain; crops were flooded and washed out and grain badly lodged and tangled. Aside from this, everything was very favorable for the advancement of crops of all kinds. Weeds have flourished wonderfully well, also.

Wheat has improved and the damage by the Hessian fly is not as extensive as it appeared to be a few days ago. Early fields are ripening and, with favorable weather, harvesting will begin the latter part of this week.

Corn is making a very rapid growth, but needs working badly in some places. It has been real tobacco weather for the past two weeks and the crop is all set and an excellent stand is reported.

Oats, clover, pastures and meadows have made great improvement. Garden vegetables and potatoes are in splendid condition, and fruit is generally very promising; the outlook for peaches is especially good. There is some complaint of apples dropping badly.

Taylor, the Fugitive.

If he is innocent he certainly will not be convicted. No man with any pride or self-respect would care to live all his life with a shadow on his reputation.—Columbus, Ga., Ledger, Dem.

Mr. Taylor, of Kentucky, would stand higher in popular estimation if he would go home and face the fellows who are trying to connect him with the murder of Goebel. The American people like to see men with backbone.—Philadelphia Bulletin, Rep.

Kentuckians almost proverbially admire physical courage, and this is a quality in which Taylor is conspicuously deficient. It would be in the nature of an anomaly for any party in Kentucky to go into a campaign under the banner of a leader who is ignominiously in hiding outside the State, as is Taylor. The Republicans will have to shake Taylor off. He has made much trouble for them in various ways, and the climax of it all is found in his running away from a State in which he is asking to be Governor.—[Boston Herald, Ind. Dem.]

LOVE FINDS A WAY.

Marriage of Mr. James H. Hall, Jr., and Miss Margaret Duke Watson Tuesday Afternoon.

Friends of Mr. James H. Hall, Jr., and Miss Margaret Duke Watson were pleasantly surprised last evening by a telegram announcing the marriage of the couple at Cincinnati.

The couple have been devoted lovers a year or so, but the bride's relatives objected to the marriage.

Tuesday morning Miss Watson left on the early L. and N. train, ostensibly to visit relatives at Lexington, but instead of going to that city she proceeded to Cincinnati where she was met by Mr. Hall, who had gone down over the C. and O. At 2 o'clock p. m. they were happily married in the parlors of the Grand Hotel, Rev. W. A. Robinson, of Trinity M. E. Church, officiating.

Telegrams later to relatives of the couple brought the first news of the marriage to this city.

Mr. Hall is the only son of Mr. James H. Hall, President of the James H. Hall Plow Company. His bride is a daughter of Mr. and Mrs. H. Duke Watson. The couple are popular in Maysville's social circles and a host of friends join in congratulations and good wishes.

After a short bridal trip Mr. and Mrs. Hall will return to seek parental forgiveness and blessing.

STRUCK BY LIGHTNING.

Mr. James Bratton Instantly Killed by an Electric Bolt at Sardis Last Evening.

Mr. James Bratton, a well known citizen of Sardis, was struck by lightning and instantly killed during a storm last evening about 7 o'clock.

He was returning from work and was walking along the pike when the flash came. The bolt struck him in the right temple, burning a hole in his hat.

Two of his neighbors were with him, one about five feet in front and the other five feet in the rear. They were badly shocked, but not seriously injured.

Mr. Bratton was about fifty years old and leaves a wife and several children.

Mrs. James Lewis died yesterday morning near Dover. Her husband and several children survive.

He Felled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with five boxes Bucklen's Arnica Salve, the surest cure on earth and the best salve in the world. 25 cents a box. Sold by J. James Wood & Son, druggists.

CAPTAIN GROVES, conductor on the Maysville and Richmond train, is off on a month's vacation and is enjoying a trip East. Captain James Dunn will have charge of the train in Mr. Groves' absence. Mr. Will Chappell has Mr. Dunn's position on the Maysville freight train run.

"Whizzer" Stickley Doing a Big Business as a Cigar Manufacturer at Mexico, Mo.

[Daily Intelligence, Mexico, Mo.]

C. D. Stickley is doing his whole duty toward making Mexico a city. To stand at the south door of the court house and gaze over into the "Whizzer" factory reminds one of a hive of bees in the bloom of spring.

Ever since its establishment here this little factory has, in a quiet way, figured largely for the maintenance and growth of Mexico's commercial interests, but at present it is enjoying an unprecedented boom.

Last week Mr. Stickley added three first-class cigar makers to his force, which now numbers about fifteen, and the probabilities are that a number of others will be added in less than a week. These men are all masters of the profession and do an enormous amount of work. Between 25,000 and 35,000 cigars are turned out of this factory every week and the pay roll of the establishment seldom falls short of \$40 per day.

"Whizzer" Stickley, as he is known all along the Chicago and Alton and Wabash railroads from Kansas City to St. Louis, is a business rustler of no mean ability, and when he makes a trip it counts. He is a competent judge of tobacco, a liberal advertiser, a good "mixer" and a jolly good fellow in every respect; hence the success of the "Whizzer" factory.

"May its shadow never grow less."

In the Circuit Court Tuesday, Arthur Wren, colored, was found guilty of voluntary manslaughter and given five years in the penitentiary. He killed Henry Allen, colored, in 1896, near Helena.

Will Hanna Protect Rathbone?

[Toledo Bee.]

Will Hanna protect Major Rathbone? You bet Hanna will protect Major Rathbone.

Major Rathbone knows more about Hanna than Hanna knows about Rathbone. For Rathbone helped negotiate a seat in the Senate for Hanna.

Major Rathbone knows how the trick was turned.

Of course Hanna will protect Major Rathbone.

For Hanna believes in protection and reciprocity. Rathbone protected Hanna, and Hanna isn't like the little boy who wouldn't reciprocate.

Mr. E. R. Davis has made quite a change in his daughter's house, inside and out, both in looks and convenience.

Mrs. Hortense Kelley has returned home after a pleasant visit with her uncle Ira Pyles in Shelby County and friends in Lexington. She was also one of the number who attended the seventy-fifth anniversary of the Science Hill College.

EAST LIMESTONE.

A considerable wind storm struck this section Friday evening doing little damage, except blowing down some fruit trees and heavy wheat.

Miss Anna Meyer had a narrow escape Saturday evening while driving in the city, by the breaking of an electric wire, the detached wires almost touching her horse and vehicle.

Richard C. Williams during the storm Friday evening had an apple tree blown down on some of his bee colonies, slightly disturbing the bees but not deterring them from their busy work.

Mrs. Lycurgus Sherwood on being attracted one evening recently after dark by a disturbance among her young chickens found on examination a large snake in the coop which had devoured two chickens and was in the act of swallowing another. The snake had entered the domain through the ventilator at the top, and was killed, measuring five feet in length. Mrs. Richard C. Williams also killed a very large snake measuring the same length one evening last week while out driving up her young turkeys.

A delightful dinner party was given June 10th, at the pleasant home of Mr. and Mrs. Weede Breeze, the event being in honor of the thirty-seventh anniversary of the birth of Mrs. Breeze. Many relatives and friends assembled to enjoy the kind hospitalities of the family, among them Mr. and Mrs. John T. Sears and family, Mr. and Mrs. D. H. Sears and family, Mrs. James Breeze and family, of Maysville, Mr. and Mrs. Curtis, Mrs. W. Breeze and Miss Lillie Mingo, of Murphysville, Mr. and Mrs. Robt. H. Williams, Mr. and Mrs. Lycurgus Sherwood, Mr. and Mrs. William Williams and family, Mr. and Mrs. Richard C. Williams and family and Mr. and Mrs. Ezekiel Meyers and family, making fifty-two in number. An excellent and bountiful dinner was hospitably served by the genial host and generous and popular hostess, consisting of the various luxuries of the season, the table being decorated with beautiful flowers which altogether presented an object of general admiration and enjoyment to the guests.

Every one seemed happy, except for a little incident that occurred in the early part of the day, the fact becoming noticeable that Stanley, the little one-year-old son of the host and hostess, whose tiny little feet are just beginning to press the floor, was severely suffering, his unusually bright and gleeful expression being clouded with tears. The anxiety of the mother and the sincere regrets of the guests were soon allayed by the sagacious tact of Mrs. Sherwood, who, on examination, discovered that the little fellow was suffering with a sprained elbow, which was found to be bruised and swollen, supposed to have been the result of a fall. The injury immediately received attention, Grandmother Sears devising a remedy, and soon the chubby little fellow was sweetly sleeping and awakened gleeful and joyous, entirely free from suffering. All went happy the remainder of the day, each enjoying the lovely afternoon shade of the gigantic and beautiful trees of the lawn, where chairs and seats had been arranged and carpets spread on the grass for the convenience of the little ones, whose clear young voices rang out on the open air with unrestrained enthusiasm, demonstrating the fact that childhood days are indeed happy days. The little Misses Breeze, after returning from Children's Day exercises in Maysville, entertained their little guests in a becoming manner. The day was admirably adapted to out-door sports, croquet being engaged in by the older young folks. Many unique presents were gratefully bestowed by the guests, who, when the evening shades began to lengthen, reluctantly took their departure and with no doubt long retain in memory many fond recollections of this happy occasion. May Mr. and Mrs. Breeze and their seven bright little children enjoy many returns of this anniversary.

The owners of Glen Springs have employed Mr. Wm. Doak to act in the capacity of general manager and landlord at that popular resort this season.
